

# IMMUNE PACK

Keep Your Body Strong ~ It's Time to Thrive!

## Top 3 Benefits of our Immune Pack

- 1) By upping your immune system, you can reduce the risk of you getting sick.
- 2) If you do get sick, having a strong immune system can decrease the length of time and severity of illness.
- 3) Reducing inflammation and supporting healthy immune function can help your body cope with the effects of stress.

## High Risk of Morbidity with Covid-19

**Do you match any of these criteria? If yes, you need to boost your immune system now!**

- Over the age of 65 despite level of current health
- Cardiovascular Health Issues
- Diabetes
- Smoking, Asthma, Weak Lungs
- Cancer, or Immune Compromised

## Our Immune Pack Includes:

## We also have Immune Support for Children!

**DNA Miracles Immune Support.** DNA Miracles Isotonix Immune is designed to help support immune health and promote the beneficial activity of your body's own immune cells, keeping them primed for response

**HMF Fit for School Children's immune support formula.** Includes a combination of research-driven probiotic strains, 1000 IU of Vitamin D and vitamin C that supports children's upper respiratory tract health and immune function. In a recent clinical trial, 57 schoolchildren were randomized to receive either a placebo tablet or HMF Fit For School's probiotic formula plus 50 mg of vitamin C daily for 6 months. Children in the probiotic plus vitamin C group had significant improvement in upper respiratory tract health.

**Acemannan Lollypops:** This is a great way to sneak in some immune support for your children. These lollypops contain the same amazing immune modulating ingredients as the Adult Immune Supplement for you, as listed above.

**Dear Friend of Thrive,**

**I hope you will consider purchasing an immune pack for yourself or a friend or family member especially if they are on the high risk list. We are here to support you in any way we can through advice and supplement recommendations during this difficult time.**

**Yours in Wellness,**

**Amber and the Team at Thrive**

## Please Read These Reminders!

- This is not a guarantee that you will not get sick. This is strictly to provide your system with scientifically proven immune support supplements to support healthy immune function.
- This is not a replacement for social distancing or use of a mask and gloves when going into public spaces. Social distancing is your first line of defense.
- This is not a replacement for medical care, if you are experiencing symptoms of coronavirus or any other illness, please contact your physician immediately. We do offer telemedicine through Thrive with a licensed family physician if you need support from home. Please call Thrive for more information.
- Kits and they are going fast! Many of these supplements are now selling out or becoming temporarily unavailable from vendors. If there is something you like in particular and do not want to run out, please contact me immediately and I will do my best to supply to you in advance from what I have in stock or to find an equally high quality substitute from one of my trusted brands. I will also do my best to continue to provide reasonable prices based on what I can acquire through my vendors.
- These statements are for informational purpose only and are not intended to diagnose, treat, prevent or cure any disease. None of the statements made on this flyer have been approved or reviewed by the FDA. If you are suffering from any disease or illness or before changing any medication or adding a supplement protocol, you should consult with your medical professional.
